### Preliminary Purpose and Need

- Restore the pavement to extend the service life of these sections of roadway to at least 30 years,
- Correct geometric deficiencies to meet current design standards and reduce the frequency of crashes; and,
- Alleviate congestion and increase the mobility of people and goods along this section of I-70.

## POSSIBLE IMPROVEMENTS

Details of specific improvements are still being developed.

Please share your thoughts regarding the project, possible improvements and corridor needs.
